

## R-140 SHAMPOO

A two-in-one product cleaning and protecting in one procedure. Particularly well suited for maintenance of Gel Coat and painted surfaces. Product also adds new shine to the boat.

### Instructions

Instructions for use: Mix R-140 in the ratio of 100 ml with 5 liters of water. Wash the surface with a sponge or soft brush. The surface should then be dried and polished with a microfiber cloth if desired.

1 Liter | 179,00 DKK  
5 Liter | 649,00 DKK  
1 Liter | 24,10 EURO  
5 Liter | 87,40 EURO

### **Renskib recommends:**

Mix 20 ml R-140 in ½ liter of water in a spray bottle, or as needed. Spray on a small area and wipe with a damp microfiber cloth. Subsequently, dry/polish with a dry microfiber cloth. This ensures low water consumption, very low risk of lime deposits and thus a clean and shiny boat.
