

R-150 POWER POLISH

A 3 in 1 product specifically developed for small surfaces, which require rapid treatment. R-150 Power Polish is particularly suitable for dinghies, catamarans and ribs/inflatables.

R-150 Power Polish provides fast and efficient a smooth surface, a deep luster and seal against UV radiation and soil influences.

Instructions

Apply product with a dry sponge or microfiber cloth and scrub the surface. Can also be recommended polished by machine. After polishing wipe the surface clean with a microfiber cloth and the boat is now ready for departure.
